water from Provence

Montbrun les Bains

A Thermal water in the heart of Provence

In the Baronnies Provençales Regional Natural Park, a thermal spring known through the ages, shelters in the village of Montbrun-les-Bains.

Many spa treatment users come every year to enjoy Montbrun thermal properties – for their skin, rheumatisms and also to relieve respiratory disorders.

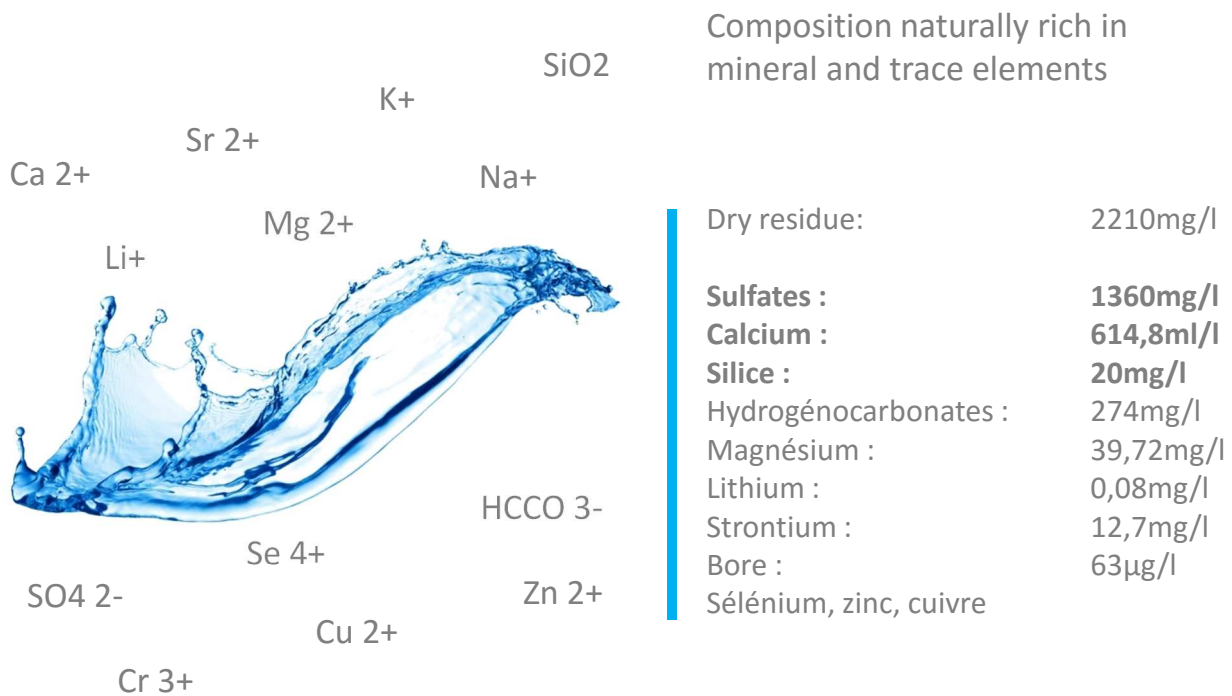

The mineral composition of Montbrun thermal water is particularly stable and balanced, with a calcium sulphate profile rich in silica and selenium, adapted to sensitive skin.

A wealth of minerals and trace elements bestow truly remarkable calming, anti-irritant properties. In dermo-cosmetics, Montbrun thermal water is used to strengthen the skin's natural protection and soothe irritations and redness.

Montbrun's know how

The Montbrun skincare products combines the benefits of thermal water drawn directly from the spring, with carefully selected active ingredients, thereby ensuring maximum effectiveness and safety.

To ensure a high tolerance and total security for all skin types, all skincare products are subject to specific dermatological testing and have been formulated to minimize allergic reactions. The formulas are made with natural ingredients (between 99% and 100%), and are Organic certified by ECOCERT.

We do not use controversial chemical preservatives (parabens, phenoxyethanol ...) our cleansers are without Sodium or Ammonium Lauryl sulfate. All our products do not contain essential oils that may be allergenic.

Montbrun's target : Efficiency

1- VERY HIGH TOLERANCE CARE

- Products made with efficient ingredients and selected for their high tolerance
- All cares are tested under **dermatological control** and are **hypoallergenic**
- The creams are **100% natural** made
All formulas without controversy preservatives (paraben, phenoxyethanol..)
or without allergenic preservatives (benzyl alcohol or essential oils ...)
- **Very soft hypoallergenic perfume** for reactive or sensitive skins

2 - ENHANCED SOOTHING

- **All the water of the formula is only thermal water from Montbrun**
Some thermal ranges only contain 10% or 20% of thermal water
- Soothing Formulas :
> Provence Blue Daisy, Aloe vera, Brazil Candeia tree
- Strengthens the **lipid film** with non-comedogenic oils
> Jojoba, avocado, Inca Inchi (protects from external aggression)

3 – MOISTURIZING PROPERTIES

- Depending on skin type, the MONTBRUN care bring moisturizing ingredients at specific concentrations to provide hydration levels which each skin needs.

4 – FORMULAS PRESERVING THE SKIN AND THE ENVIRONMENT

- Cosmetics are organic certified by ECOCERT
- Recyclable packaging

THE PERFECT ALLIANCE OF SAFETY,
EFFICIENCY AND BEAUTY

MONTBRUN THERMAL WATER MIST

Refreshing and soothing thermal water for everyone

Indication : Soothing treatment for all types of normal, dry and sensitive skin.

The mist can be used for the whole family (Seniors, Adult, children, babies)

Properties : This thermal water mist soothes various attacks, redness and irritations, but also refreshes you and perfects cleansing and makeup removal.

Its ultra fine mist deposits light and refreshing droplets on your skin.

A rich and unique mineral composition :

- Silica (SiO_2) : 17,8 mg/L
- Sulfates (SO_4^{2-}) : 1360 mg/L
- Calcium (Ca^{2+}) : 593mg/L
- Magnésium (Mg^{2+}) : 40 mg/L
- Potassium (K^+) : 1,6mg/L
- Trace elements ; Selenium, Lithium, Strontium, Copper, Manganèse, Zinc.

pH 7.5 / Dry residue : 2000mg/L

Hypoallergenic - Dermatologically tested to minimize allergic reactions.

Innovation – to avoid any risk of water contamination from materials, the aluminium casing containing Montbrun thermal water is guaranteed without bisphenol.

Directions : Directions: Spray this Montbrun thermal water fine mist onto your skin. Leave for a few moments before gently wiping away any excess mist. Repeat this as often as necessary.

With its new valve, the Montbrun thermal water mister can be used in any position, even upside down.

Due to its high mineral content, micro mineral crystals can form on the nozzle and clog it up. Rinse it with hot water to return to normal misting.

300ml – EAN : 3760075079147

Ingredients : Thermal water, Nitrogen

LIGHT MOISTURIZING CREAM

Antipollution & Antioxydant

Indications : Daily moisturizer for sensitive skin, normal to dry.

Recommended for daily moisturizing or to fight external factors such as pollution, sun, wind and cold.

Properties : Natural and organic certified formula consisting of 62,14% Montbrun thermal water. Its **light texture** penetrates instantly and provides sensitive skin with the full range of active ingredients it requires. Non-sticky, non-greasy, anti-shine.

Soothing: Montbrun thermal water is combined with Blue daisy and Candeia Tree from Brazil, all of which act on inflammatory mediators.

Moisturising : the hydrophilic properties of glycerine enable Montbrun thermal water to be retained in the upper layers of the epidermis and so maintain active skin hydration.

Protective: Strengthening the lipid film with non-comedogenic Jojoba oil combined with phytosqualane derived from olives along with Shea, protects from external aggressions and reduces water loss.

Formulated without parabens, phenoxyethanol, silicone, essential oils or colouring agents.

How to use : Apply to face and neck every morning and/or evening. Excellent base for make-up. Use on clean skin that has been thoroughly cleansed with Montbrun Micellar Lotion or Cleansing Milk.

Ingredients : Aqua (Montbrun Thermal Water), Glycerin, Centaurea Cyanus Flower Water*, Dicaprylyl Carbonate, Arachidyl Alcohol, Plukenetia Volubilis Seed Oil*, Simmondsia Chinensis Seed Oil*, Aqua, Behenyl Alcohol, Butyrospermum Parkii Butter*, Cetearyl Alcohol, Persea Gratissima Oil*, Squalane, Aloe Barbadensis Leaf Juice Powder*, Bisabolol*, Globularia Alpum Leaf Extract, Parfum, Arachidyl Glucoside, Bentonite, Glyceryl Caprylate, Sodium Stearoyl Glutamate, Xanthan Gum, Tocopherol, Helianthus Annuus Seed Oil, Polylysine, Sodium Levulinate, Sodium Anisate

DRY TO VERY DRY SKIN

RICH MOISTURIZING CREAM - Face Anti-tightness & Lipid-replenishment

Indications : Rich daily moisturizer for dry and very dry skin.

Recommended for daily moisturizing and to ease skin tightness, redness and itching resulting from external aggressions such as cold, wind, sun and water.

Properties : Natural and organic certified formula consisting of 57,3% Montbrun thermal water. The rich, luscious non-greasy texture makes it easy to apply and offers an immediate sensation of comfort. The combination of natural active ingredients reduces dryness and irritation. Non-sticky, anti-shine.

Soothing : Montbrun thermal water combined with Blue Daisy softens the skin by reducing skin reactivity, removing all feeling of tightness.

Enhanced moisturizing : the balanced addition of a triple-moisturizing complex (Jojoba, Aloe Vera, Glycerine) enables lasting hydration of all levels of the epidermis.

Protective: Phytosqualane derived from olives combined with Shea help to restore the skin's protective lipid film, which protects it from external aggressions and reduces water loss. Formulated without parabens, phenoxyethanol, silicone, essential oils or colouring agents.

How to use : Apply every morning and/or evening on the face and neck. An excellent base for make-up. Use on clean skin that has been thoroughly cleansed with Montbrun Micellar Lotion or Cleansing Milk.

Ingredients : Aqua (Montbrun thermal water), Centaurea Cyanus Flower Water*, Rosa Damascena Flower Water*, Glycerin, Glyceryl Stearate, Squalane, Butyrospermum Parkii Butter*, Oryza Sativa Starch, Persea Gratissima Oil*, Plukenetia Volubilis Seed Oil*, Dicaprylyl Carbonate, Aqua, Cetearyl Alcohol, Sodium Stearoyl Lactylate, Cera Alba, Olea Europaea Fruit Oil*, Simmondsia Chinensis Seed Oil*, Olus Oil, Parfum, Sodium Levulinate, Glyceryl Caprylate, Xanthan Gum, Sodium Anisate, Bisabolol*, Globularia Alpium Leaf Extract, Aloe Barbadensis Leaf Juice Powder*, Tocopherol, Helianthus Annuus Seed Oil, Hydrogenated Vegetable Oil, Candelilla Cera, Polylysine

DRY TO VERY DRY SKIN

CLEANSING MILK

Efficient on waterproof make-up

Indications : Montbrun Cleansing Milk especially for dry and very dry skin, cleans and removes make-up from the face, lips and eyes, even the most sensitive.

It completely removes all make-up, even waterproof, impurities and traces of pollution.

Properties : Natural and organic certified formula consisting of 66,36% Montbrun thermal water. High performance, triple action cleanser combined with nourishing and soothing properties that leave the skin clean and comfortable. Montbrun Cleansing Milk contains non-comedogenic Jojoba and Inca Inchi oils, preserving the skin's natural hydrolipid film.

Cleansing: Cleansing agent that traps impurities and make-up.

Efficient on waterproof make-up.

Soothing: Montbrun thermal water is combined with Globularia and Cornflower that act on inflammatory mediators.

Nourishing: Non-comedogenic Jojoba and Inca Inchi oils strengthen the hydrolipid film providing better protection for the skin against free radicals.

Formulated without parabens, phenoxyethanol, silicone, essential oils or colouring agents.

How to use : Apply with a cotton pad on the face, eyes and lips every morning and/or evening. After cleansing, finish with Montbrun Micellar Lotion or a spritz of Montbrun thermal water.

Ingredients: Aqua (Montbrun thermal water), Centaurea Cyanus Flower Water*, Cetearyl Alcohol, Simmondsia Chinensis Seed Oil*, Glycerin, Cera Alba, Glyceryl Stearate, Aqua, Cetearyl Glucoside, Aloe Barbadensis Leaf Juice Powder*, Bisabolol*, Globularia Alpum Leaf Extract, Parfum, Glyceryl Caprylate, Xanthan Gum, Helianthus Annuus Seed Oil, Tocopherol, Glucose, Polylysine, Sodium Benzoate, Sodium Levulinate.

DRY TO VERY DRY SKIN

RICH MOISTURIZING BALM

Anti-tighness & Lipid-replenishment

Indications : Rich daily moisturizer for dry to very dry skin on the body, legs and arms. Recommended for daily moisturizing and to ease skin tightness, redness and itching resulting from external aggressions such as cold, wind, sun and water.

Properties : Natural and organic certified formula consisting of 57,3% Montbrun thermal water. Its rich, lipid-replenishing texture is easy to apply and offers an immediate sensation of comfort without feeling greasy. The combination of natural active ingredients immediately reduces dryness and irritation. Anti-shine, non-sticky and allows you to dress quickly after applying.

Soothing: Montbrun thermal water combined with Globularia softens the skin by reducing skin reactivity, removing all feeling of tightness.

Enhanced moisturizing : the balanced addition of a triple-moisturizing complex (Jojoba, Aloe Vera, Glycerine) enables lasting hydration of all levels of the epidermis.

Protective: Phytosqualane derived from olives combined with Shea help restore the skin's protective lipid film, which protects it from external aggressions and reduces water evaporation.

Formulated without parabens, phenoxyethanol, silicone, essential oils or colouring agents.

How to use: Apply all over the body every morning and/or evening.

In order not to dry out your skin with soaps or unsuitable cleansing gels, we recommend you combine Montbrun Rich Moisturising Balm with Montbrun Cleansing Gel.

Ingredients : Aqua (Montbrun thermal water), Butyrospermum Parkii Butter*, Centaurea Cyanus Flower Water*, Cetearyl Alcohol, Caprylic/Capric Triglyceride, Glyceryl Stearate, Olea Europaea Fruit Oil*, Plukenetia Volubilis Seed Oil*, Dicaprylyl Carbonate, Aqua, Persea Gratissima Oil*, Simmondsia Chinensis Seed Oil*, Glycerin, Cetearyl Glucoside, Talc, Aloe Barbadensis Leaf Juice Powder*, Globularia Alypum Leaf Extract, Bisabolol*, Helianthus Annuus Seed Oil, Parfum, Sclerotium Gum, Tocopherol, Glucose, Glyceryl Caprylate, Sodium Levulinate, Sodium Anisate, Polylysine,

DRY TO VERY DRY SKIN

CREAM GEL SURGRAS

Anti-tighness & Anti-drying

Indications : Superfatted Gel Cream is ideal for cleansing **dry to very dry skin** on the face and body, even the most sensitive. Sulphate-free and respectful of the skin's lipid film.

Properties : Natural and organic certified formula consisting of 57,3% Montbrun thermal water. High performance, double action cleanser combined with nourishing and soothing properties that leave the skin feeling clean and comfortable. Montbrun superfatted Gel Cream is enriched with an oleo-protective complex based on avocado oil and Inca Inchi oil, preserving the skin's natural hydrolipid film.

Cleansing : Mild sulphate-free surfactants avoid dryness and irritation of the skin.

Soothing : Montbrun thermal water is combined with Cornflower that act on inflammatory mediators.

Oleo-nourishing : Avocado and Inca Inchi oils nourish the epidermis and leave a protective film that restores suppleness and comfort to the skin.

Formulated without parabens, phenoxyethanol, silicone, essential oils or colouring agents.

How to use : Apply every wash on the face and/or body.

Avoid contact with eyes.

Dry to very dry skin on the face and body we recommended you combine Montbrun Cream gel surgras with Montbrun Rich Moistursing Balm.

Ingredients: Aqua (Montbrun thermal water), Aqua, Sodium Coco-Sulfate, Glycerin**, Centaurea Cyanus Flower Water*, Decyl Glucoside, Cocamidopropyl Betaine, Lauryl Glucoside, Aloe Barbadensis Leaf Juice Powder*, Bisabolol*, Persea Gratissima Oil*, Globularia Alypum Leaf Extract, Plukenetia Volubilis Seed Oil*, Parfum, Coco-Glucoside, Glyceryl Oleate, Stearyl Citrate, Polylysine, Tocopherol, Hydrogenated Palm Glycerides Citrate, Sodium Benzoate, Citric Acid, Potassium Sorbate

DOUBLE INNOVATION ANTI AGING

1 – Moisturizing and nourishing : devitalized skins

Rosehip oil combined with Inca Inchi

2 – Soothing : sensitive skins

Montbrun thermal water combined with Blue Daisy and Candeia

3 – Double anti-wrinkle action

Easyliance give you an immediate lifting

Dipalmitoyl Hydroxyproline reduce wrinkles more sustainably

1 – Easyliance: Immediate tightening effect

Easyliance is an active complex based on bio-polysaccharides and Acacia gum,

1. The polymer forms a surface film
2. The film shrinks by drying
3. It tends and "smoothes" the skin

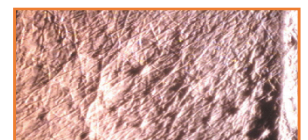

2 - Dipalmitoyl Hydroxyproline: Lasting result

Study of 15 people on the crow's feet

ANTI-AGING CREAM

Immediate tightening effect

Lasting result

Indications : Comprehensive treatment for fine lines and wrinkles, loss of firmness and elasticity of sensitive and dry skin.

Its high tolerance, hypoallergenic formula specially formulated for reactive skin visibly corrects the signs of skin aging

Properties : Natural and organic certified formula consisting of 61,53% Montbrun thermal water.

The non-greasy, creamy texture is easy to apply and provides an immediate feeling of comfort. The combination of natural active ingredients strengthens the structure of the skin restoring firmness and reduces the signs of aging. Non-sticky, anti-shine.

Double anti-wrinkle action: Easyliance is an active complex based on bio-polysaccharides and Acacia gum and gives you an immediate lifting effect that is clinically proven and dermatologically tested. Within an hour, the skin looks smoother and wrinkles are blurred, giving a real glow to the skin.

A second anti-wrinkle active ingredient, Dipalmitoyl Hydroxyproline has a complementary approach that aims to reduce wrinkles more gradually and more sustainably (reducing the number of wrinkles by 32% after 42 days of testing).

Nourishing: Rosehip oil combined with Inca Inchi and avocado oils provide excellent ammunition in the fight against the effects of aging on the skin owing to their high antioxidant, vitamin and essential fatty acid content.

Soothing: Montbrun thermal water combined with Globularia softens the skin by reducing skin reactivity, removing all feeling of tightness.

Formulated without parabens, phenoxyethanol, silicone, essential oils or colouring agents.

How to use:

Apply every morning and/or evening on the face and neck. An excellent base for make-up. Use on clean skin that has been thoroughly cleansed with Montbrun Micellar Lotion or Cleansing Milk.

EYE CONTOUR – LIPS

Immediate tightening effect

Lasting result

Indications : Targeted anti-aging treatment for fine lines and wrinkles around the eyes and lips of dry and sensitive skin. Its high tolerance, hypoallergenic formula specially formulated for reactive skin visibly corrects the signs of skin aging.

Properties : Natural and organic certified formula consisting of 57,45% Montbrun thermal water

Its combination of innovative active ingredients lifts and smoothes out the eye contour and lip area, reducing wrinkles and refreshing your look. Its creamy, non-greasy texture is easy to apply and gives an immediate feeling of comfort. Non-sticky, anti-shine.

Double anti-wrinkle action: Easyliance is an active complex based on bio-polysaccharides and Acacia gum and gives you an immediate lifting effect that is clinically proven and dermatologically tested. 96% of testers noted a tightening effect on the eye contour. Within an hour, the skin looks smoother and wrinkles are blurred.

A second anti-wrinkle active ingredient, Dipalmitoyl Hydroxyproline has a complementary approach that aims to reduce wrinkles more gradually and more sustainably (reducing the number of wrinkles by 32% after 42 days of testing).

Nourishing: Rosehip oil combined with Inca Inchi and avocado oils provide excellent ammunition in the fight against the effects of aging on the skin owing to their high antioxidant, vitamin and essential fatty acid content.

Soothing: Montbrun thermal water combined with Globularia softens the skin by reducing skin reactivity, removing all feeling of tightness.

Formulated without parabens, phenoxyethanol, silicone, essential oils or colouring agents.

How to use:

Apply every morning and/or evening around the eye contour area and/or lips. Lightly pat the cream around the eye contour and lip area, paying special attention to crows' feet. Use on clean skin that has been thoroughly cleansed with Montbrun Micellar Lotion or Cleansing Milk.
